

Cheltenham Borough Council

Economy and Business Improvement Overview & Scrutiny Committee 30 November 2009

Cheltenham Strategic Partnership

The Chairman of the CSP, Jill Crook, has been asked to attend the meeting and has been requested to cover the following issues:-

- Who determines which Organisations are invited to have representation on the CSP and its Committee?
- Can we have sight of your Constitution / Business Plan? (if we could have this to circulate to our members before the meeting that would be ideal)
- What has the CSP achieved since its formation?
- Does the funding provided by the council attract matched funding from other sources and how do you go about getting this?
- What powers are vested in the CSP?
- How does it monitor performance of its thematic partnerships?
- How do you view your relationship with the County Strategic Partnership?
- How do you ensure the activity of the CSP supports the LAA targets?
- What is the CSP doing to address the issues identified in the recent peer review?
