Overview and Scrutiny, 5th September 2022

Addendum to item 10: Air Quality Management Plan and general update

Consultation on the AQAP will begin week commencing 5 September. The Cabinet Member for Customer and Regulatory Services wants to publish a public information leaflet to coincide with the launch of the Air Quality Action Plan consultation.

The purpose of the public information leaflet is to inform the public of the work being undertaken with, and in addition to, the Air Quality Action Plan. The Air Quality Action Plan consultation has been delayed because there have been delays in producing the public information leaflet.

Gareth Jones, Senior Environmental Health Officer
