## Update to Officer Report

### 1. OFFICER COMMENTS

- 1.1. Further to the planning view site visit yesterday to the neighbouring property at 84 East End Road, members will have been able to look at this neighbouring property and at the French doors in the rear wing. It is unclear whether the glass within these French doors has been replaced with a form of white pvc material, or whether a film has been applied to these doors. Nevertheless, whilst there has been a change to these doors since the last application was considered, the opening is still there and does provide a source of light and outlook either when these doors are open, or if the changes to the glass were to be reverted.

### INFORMATIVES :-

- 1 In accordance with the requirements of The Town and Country Planning (Development Management Procedure) (England) Order 2015 and the provisions of the NPPF, the Local Planning Authority adopts a positive and proactive approach to dealing with planning applications and where possible, will seek solutions to any problems that arise when dealing with a planning application with the aim of fostering the delivery of sustainable development.

At the heart of this positive and proactive approach is the authority's pre-application advice service for all types of development. Further to this however, the authority publishes guidance on the Council's website on how to submit planning applications and provides full and up-to-date information in relation to planning applications to enable the applicant, and other interested parties, to track progress.

In this instance, having had regard to all material considerations, the application constitutes sustainable development and has therefore been approved in a timely manner.
