### **1. Introduction**

- 1.1 On 1<sup>st</sup> May the Government announced an additional discretionary business grants fund to help businesses that fall outside the current eligibility requirements for Small Business Grants or retail, hospitality and Leisure Grants announced in March.
- 1.2 The additional funding is being aimed at small and micro businesses which have relatively high ongoing fixed building-related costs and can demonstrate a significant fall in income due to the COVID-19 crisis.
- 1.3 The Funding being allocated is 5% of the funding allocation for the estimated number of businesses eligible for the Small Business Grants Fund and Retail, Hospitality and Leisure Grants on 4th May 2020. For this Council the funding is £1,128,750.
- 1.4 The maximum grant that can be awarded in the local scheme is £25,000. The next level is £10,000 and then any amount under £10,000.
- 1.5 The Government has requested that Councils consider collaborating on their discretionary schemes to ensure there is consistency where they are working across a functional economic area (e.g. a Local Enterprise Partnership area). Cheltenham, Gloucester, Tewkesbury and Stroud Councils have worked together to design a scheme which is consistent across the four council areas.

### **2. The Local Discretionary Business Grant Scheme**

- 2.1 The grants are to be primarily and predominantly aimed at
  - Small and micro businesses, as defined in Section 33 Part 2 of the Small Business, Enterprise and Employment Act 2015 and the Companies Act 2006
  - Businesses with relatively high ongoing fixed property-related costs
  - Businesses which can demonstrate that they have suffered a significant fall in income due to the COVID-19 crisis
  - Businesses which occupy property, or part of a property, with a rateable value or annual rent or annual mortgage payments below £51,000.
- 2.2 The Council is able to exercise some discretion when allocating the fund to support business types most relevant to the local economy but the Government has prioritised the following types of businesses to be included in schemes
  - Small businesses in shared offices or other flexible workspaces. Examples could include units in industrial parks, science parks and incubators which do not have their own business rates assessment;
  - Regular market traders with fixed building costs, such as rent, who do not have their own business rates assessment;
  - Bed & Breakfasts which pay Council Tax instead of business rates; and
  - Charity properties in receipt of charitable business rates relief which would otherwise have been eligible for Small Business Rates Relief or Rural Rate Relief.
- 2.3 The Local discretionary Grant Scheme in appendix 2 sets out the Councils approach to

## Page 6

awarding this grant funding which is consistent across the four councils.

- 2.4 The scheme follows the national criteria set by Government and includes the business types that the Government wants prioritised with some additional conditions to determine eligibility.
- 2.5 The Department for Business, Energy & Industrial Strategy (BEISS) has issued a guidance document which will be used in administering the scheme along with any updated versions and supplementary guidance.
- 2.6 In designing the scheme the four Councils have included an additional local priority to support certain businesses in the hospitality sector which are likely to remain closed for a longer period due to the COVID-19 restrictions and were not eligible for support in the previous scheme. The details are contained within section 7 of the scheme in appendix 2.
- 2.7 Funding for this grant scheme is limited and therefore the scheme will only be open for businesses to submit applications during a short period between 9<sup>th</sup> and 21<sup>st</sup> June.
- 2.8 An on-line application form will be available on the Council's website.
- 2.9 Once the application window has closed the applications will be assessed. The maximum level of grant for each category of business type will then be determined based on demand.
- 2.10 Grant payments should start being made to businesses from 25<sup>th</sup> June 2020.
- 2.11 If any funding remains once all applications have been assessed and grants awarded it may be possible to open another application window.

### **3. Alternative options considered**

- 3.1 None
- 3.2 The Government has made the funding available to provide support to certain categories of business not eligible under the previous grant schemes

### **4. Consultation and feedback**

- 4.1 The four Councils, Cheltenham, Gloucester, Stroud and Tewkesbury have worked collaboratively in developing a consistent scheme.
- 4.2 Gloucestershire County Council, GFirst LEP, Cheltenham BID and the Cheltenham MP's office have been consulted to ensure the scheme provides consistent support to priority businesses across the four areas.

### **5. Performance management – monitoring and review**

- 5.1 The number of businesses eligible for grants and the amounts paid will be recorded in the Revenues and Benefit system. The amount of funding allocated will be closely monitored.
- 5.2 The Department for Business, Energy & Industrial Strategy (BEIS) will require a weekly report on progress in administering grant payments under this scheme and may publish

the information.

## 1.0 Purpose of the scheme

- 1.1 The purpose of this document is to determine eligibility for a payment under the Council's Discretionary Business Grants Scheme.
- 1.2 The new Discretionary Business Grant Scheme has been developed in response to an announcement made by the Secretary of State for Business, Energy & Industrial Strategy made on 1<sup>st</sup> May 2020 which sets out circumstances whereby a grant payment **may** be made by the Council to a business who has not previously qualified for a direct business grant and is suffering a significant fall in income due to the COVID-19 crisis.

Whilst the awarding of grants will be at the total discretion of the Council, the Department for Business, Energy & Industrial Strategy (BEIS) has set down criteria which must be met by each business making an application for a discretionary grant. The Department has also indicated the types of business which should be given priority.

- 1.3 This document sets out the criteria which BEIS have provided to the Council to determine eligibility for the Discretionary Business Grant. It also outlines the approach the Council will take in determining whether an award should be paid or not.

## 2.0 Funding

- 2.1 Government has provided the Council with a sum of £1,128,750 which represents 5% of the projected allocation for the Direct Business Grants. The funding level is finite and therefore the Council, although keen to ensure that grants are given to the maximum number of businesses, is conscious that its expenditure cannot exceed that amount.
- 2.2 The Council will limit the total awards to the level of funding available from Government.

## 3.0 Eligibility criteria of the fund

- 3.1 Government, whilst wanting Councils to exercise their local knowledge and discretion, have set national criteria for the funds. In all cases, the Council will only consider businesses for Discretionary Business Grant where the relevant criteria are met.
- 3.2 Any business failing to meet the criteria or failing to provide the Council with sufficient information to determine whether they meet the criteria, will not be awarded a Discretionary Business Grant.
- 3.3 Government has stated that the intention of the scheme is to provide assistance to businesses that primarily and predominantly meet the following criteria:
  - Small and micro businesses, as defined in Section 33 Part 2 of the Small Business, Enterprise and Employment Act 2015 and the Companies Act 2006;
  - Businesses with relatively high ongoing fixed building-related costs;
  - Businesses which can demonstrate that they have suffered a significant fall in income due to the COVID-19 crisis;
  - Businesses which occupy property, or part of a property, with a rateable value or annual rent or annual mortgage payments below £51,000. (Businesses that would otherwise meet the criteria but have a rateable value greater than £51,000

but below £105,001, may apply under the local fund priorities - see section 7); and

- Businesses must have been trading on 11<sup>th</sup> March 2020.

3.4 In addition, businesses which are **eligible** for any of the following are **ineligible for any Discretionary Business Grant**:

- Small Business Grant Fund;
- Retail, Hospitality and Leisure Grant;
- The Fisheries Response Fund;
- Domestic Seafood Supply Scheme (DSSS);
- The Zoos Support Fund;
- The Dairy Hardship Fund;

## 4.0 Definitions – Eligibility Criteria

4.1 For the sake of clarity, the following definitions are provided in respect of the criteria set out in paragraphs 3.3 and 3.4:

- **Small Businesses under the Companies Act 2006** must meet two of the following requirements in a year:
  - Turnover must not be more than £10.2 million per annum;
  - The Balance sheet total should not be more than £5.1 million; and
  - The number of employees should be less than 50.
  - Businesses will be required to provide evidence to the Council that they meet the criteria as a small business by providing accounts or draft accounts for the last trading period;
- **Micro Businesses under the Companies Act 2006** must meet two of the following requirements in a year:
  - Turnover must not be more than £632,000 per annum
  - The Balance sheet total should not be more than £316,000; and
  - The number of employees should be less than 10.
  - Businesses will be required to provide evidence to the Council that they meet the criteria as a micro business by providing accounts or draft accounts for the last trading period;
- **Both small and micro businesses** will be required to submit their latest accounts/draft accounts or evidence of turnover for the latest trading period;
- **Businesses must have relatively high ongoing fixed building-related costs** – for the purpose of this scheme, the Council determines fixed building-related costs to be;
  - Payments of mortgage, lease, rent or licence for business premises and **not** domestic premises (apart from the exception of Bed and Breakfast premises as defined in part 6 of this scheme);
  - The payments must represent a high proportion of expenses in relation to the overall income of the business; and
  - The payments are unavoidable and are ongoing.

The Council has determined that each business will have to provide evidence of high on-going fixed building-related costs. The Council will require the business to provide evidence of liabilities including mortgage, lease, tenancy, service charges or licence documentation. In the case of shared workspaces (see sections 5 and 6), only businesses which have fixed building costs of greater than £5,000 per annum shall be considered as priority;

- **Businesses must demonstrate that they have suffered a significant fall in income due to the COVID-19 crisis** – the Council has determined that businesses must certify that there has been a significant fall in income (of at least 50%) for the period March to May 2020 compared with the same months in 2019 (where a business was not trading in March-May 2019, evidence for 3 months prior to March 2020 will be accepted).  
Businesses will be required to provide evidence of this which must include bank statements supported by financial information which could be in the form of (but not limited to) management information contained in spreadsheets, evidence from an accountant or bookkeeper or information from a computerised accounting system (e.g. Sage, Xero etc.).  
The Council must be sure that the fall in income is due to the COVID-19 crisis and not a general failure of business. Where necessary businesses may need to provide evidence to the Council to support their application;
- **Businesses must be trading on 11<sup>th</sup> March 2020** – Businesses must have been trading on 11<sup>th</sup> March 2020 and continue to be trading at the time the grant is paid. Businesses that have ceased trading since 11<sup>th</sup> March (apart from temporarily due to COVID-19), are dormant, subject to a winding up order, in administration or subject to striking off will not be eligible;
- **Eligible to a grant under the Small Business Grant Scheme or the Retail Hospitality or Leisure Scheme<sup>1</sup>** – where the business is either eligible to receive or has received a grant under either of the two schemes administered by the Council, no Discretionary Business Grant shall be awarded;
- **Eligible to assistance under the Fisheries Response Fund** – as administered by the Marine Management Organisation (MMO) and funded by HM Treasury and the Department for Environment, Food and Rural Affairs. Where the business or person is eligible to assistance under this fund, no Discretionary Business Grant shall be awarded;
- **Eligible to assistance under the Domestic Seafood Supply Scheme (DSSS)** as administered by the Marine Management Organisation (MMO) and funded by HM Treasury and the Maritime and Fisheries Fund. Where the business or person is eligible to assistance under this fund, no Discretionary Business Grant shall be awarded;
- **Eligible to assistance under the Zoos Support Fund** as administered by the Department for Environment, Food and Rural Affairs. Where the business or person is eligible to assistance under this fund, no Discretionary Business Grant shall be awarded;
- **Eligible to assistance under the Dairy Hardship Fund** as administered by the Department for Environment, Food and Rural Affairs. Where the business or person is eligible to assistance under this fund, no Discretionary Business Grant shall be awarded;
- **Businesses which occupy property, or part of a property, with a rateable value or annual rent or annual mortgage payments below £51,000** – The Council has decided that this shall be a key determinant of priority under the scheme and, as such, where businesses make payments of mortgage, lease, rent or licence of £51,000 or more per annum, no Discretionary Business Grant

<sup>1</sup> Eligibility Criteria for either the Small Business Grant or Retail Hospitality and Leisure Grant as determined by the Department for Business, Energy & Industrial Strategy and administered by the Council;

shall be awarded. Where businesses would otherwise meet the criteria but have a rateable value of £51,000 or more, they may be considered as a local fund priority (see Section 7).

For the avoidance of doubt, the Council has decided that in calculating the figure of £51,000, **all** buildings occupied by the business (or the responsibility of the business) shall be taken into account.

## 5.0 National Priority Businesses

5.1 Government are asking Councils to prioritise the following types of businesses for grants from within this discretionary fund:

- (a) **Small businesses in shared offices or other flexible workspaces** e.g. industrial parks, science parks, incubators etc., which do not have their own business rates assessment;
- (b) **Regular market traders who do not have their own business rates assessment;**
- (c) **Bed and Breakfast premises which pay council tax instead of business rates;** and
- (d) **Charity properties in receipt of charitable business rates relief which would otherwise have been eligible for Small Business Rates Relief or Rural Rate Relief.**

## 6.0 Definitions - National Priority Businesses

6.1 In line with Government's priorities for the fund, the following definitions have been used to determine whether any particular business should be treated as a priority for the funding:

### **Small businesses in shared offices or other flexible workspaces which do not have their own business rates assessment**

6.2 These are defined by the Council as businesses which do not have a separate assessment for Non-Domestic Rating (i.e. those businesses who do not occupy a separate hereditament within the 2017 Rating List) and who, on the 11<sup>th</sup> March 2020 were trading and shared the premises with other businesses.

6.3 Primarily, these businesses will not be assessed individually for Non-Domestic Rating on the basis that the landlord has paramount occupation of the premises.

6.4 The Council has decided that the following criteria will also apply to small businesses in shared offices or other flexible workspaces:

- The shared office or flexible workspace must be used by the business on a day to day basis and be for the sole use of the business;
- Homeworking will not be considered as shared offices or flexible workspaces;
- The business must be leasing or renting a defined office space or shared workspace, not just individual desk spaces; and
- The business must trade from the shared office or flexible workspace. It must not be wholly or mainly for storage or used as Post Office / Mailing address or Registered Office only.

### **Regular market traders who do not have their own business rates assessment**

6.5 As with the other priority businesses for this fund, these will be businesses which do not have a separate assessment for Non-Domestic Rating (i.e. those businesses who do not occupy a separate hereditament within the 2017 Rating List).

6.6 The Council has decided that for the purpose of this scheme, market traders shall be defined as  
"a business or person who sells goods wholly or mainly to visiting members of the public from a stall, pitch or similar, from a place or market recognised by the Council as a market".  
Where the business is street trading, the business or person must hold a valid street trader licence issued by the Council.

6.7 All market traders must prove to the Council that as at 11<sup>th</sup> March 2020, they had a regular pitch or stall in a fixed location within the Council's boundary from which they sold goods to visiting members of the public.

6.8 For the purposes of this scheme, 'regular' is defined as at least 5 days per week. Where the market trader traded less frequently, the Council will not consider the business as priority for a grant.

6.9 Where a market trader operates in more than one local authority area, the applicant will need to certify that they trade primarily in the Council's boundary or have fixed business base within the Council's boundary. Where a grant is claimed from another authority, no grant will be awarded by the Council.

### **Bed and Breakfast premises which pay council tax instead of business rates**

- 6.10 For the purpose of this scheme, these businesses are those who do not occupy a separate hereditament within the 2017 Rating List and who the Valuation Office Agency would deem to fall within the council tax Valuation List.
- 6.11 For the avoidance of doubt, the Council will consider this as a priority business if:
- (a) the Bed and Breakfast property is domestic and therefore subject to council tax rather than business rates;
  - (b) It provides short stay accommodation for no more than six persons at any one time within the past year;
  - (c) The property is the sole or main residence of the proprietor(s) and the bed and breakfast use is subsidiary to the private use;
  - (d) The business was trading on 11<sup>th</sup> March 2020 (see paragraph 4.1); and
  - (e) There must be at least two rooms capable of being let separately.
- 6.12 In determining subsidiary use the Council shall take into account:
- Whether the majority of the premises is being used for business purposes: and
  - If the premises have been adapted to alter the character of the property beyond that of a private house.
- 6.13 Where the Council has determined that the Bed and Breakfast premises should have been subject to Non-Domestic Rating, the business shall not be considered as a priority for a Discretionary Business Grant.
- 6.14 The Council has determined that, any premises where it considers that the Bed and Breakfast business is basically 'home sharing' and where advertising is wholly undertaken through 'home sharing' websites, will be excluded from the fund.

### **Charity properties in receipt of charitable business rates relief which would otherwise have been eligible for Small Business Rates Relief or Rural Rate Relief**

- 6.15 In certain cases, where a charity was in receipt of mandatory relief under Section 43 of the Local Government Finance Act 1988, it would not have been entitled to either Small Business Rates Relief or Rural Rate Relief. As such it would not have been able to receive a grant under the Small Business Grant Fund.
- 6.16 The Council will give priority to charities who, were it not for the receipt of mandatory relief, would have met the qualifying criteria for the Small Business Grants. It should be noted that this only relates to premises that would, but for the receipt of mandatory rate relief, have received a percentage reduction under the Small Business Rates Criteria.
