Executive summary	In accordance with best practice, the Council has adopted and complies with the CIPFA Code of Practice on Treasury Management in the public services. To comply with the code, the Council has a responsibility to set out its Treasury Management Strategy Statement for borrowing and to prepare an Annual Investment Strategy for council approval prior to the start of a new financial year.
Recommendations	<p>Treasury Management Panel/Cabinet recommend to Council the approval of the attached Treasury Management Strategy Statement and Annual Investment Strategy for 2016/17 at Appendix 2 including :</p> <ul style="list-style-type: none"> • The general policy objective ‘that Council should invest prudently the surplus funds held on behalf of the community giving priority to security and liquidity’. • That the Prudential Indicators for 2016/17 including the authorised limit as the statutory affordable borrowing limit determined under Section 3 (1) Local Government Act 2003 be approved. • Revisions to the Council’s lending list and parameters as shown in Appendix 3 are proposed in order to provide some further capacity. These proposals have been put forward after taking advice from the Council’s treasury management advisers Capita Asset Services and are prudent enough to ensure the credit quality of the Council’s investment portfolio remains high. • For 2016/17 in calculating the Minimum Revenue Provision (MRP), the Council will apply Option 1 in respect of supported capital expenditure and Option 3 in respect of unsupported capital expenditure as per section 21 in Appendix 3.

1. Background

- 1.1 The CIPFA Code of Practice for Treasury Management in Public Services and the Prudential Code require local authorities to determine the Treasury Management Strategy Statement and the Prudential Indicators on an annual basis. The Treasury Management Strategy Statement also incorporates the Annual Investment Strategy as required under the CLG's Investment Guidance.
- 1.2 For the purposes of the Code, CIPFA has adopted the following as its definition of treasury management activities:
- “the management of the organisation’s investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.”*
- 1.3 The Council will create and maintain, as the basis for effective treasury management:
- A Treasury Management Strategy Statement, stating the policies, objectives and approach to risk management of its treasury management activities
 - Suitable Treasury Management Practices (TMP's) setting out the manner in which the Council will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.
- 1.4 The local authorities (Capital Finance and Accounting) (England) Regulations 2003, which came into force on 1st April 2004, include provisions relevant to investments. These regulations, together with amendments subsequently made to them (S.I No.534), determine the nature of specific investments, and how they should be treated/accounted for by a local authority. Formal guidance

was revised and issued by the Communities and Local Government (CLG) in 2010.

1.5 The Treasury Management Strategy Statement and Annual Investment Strategy at Appendix 2, state the overriding principles and objectives governing treasury management activity. As an integral part of that Statement, the Council includes the preparation of Treasury Management Practices which set out the manner in which the Council will achieve those principles and objectives prescribing how it will manage and control those activities.

1.6 The general policy objective of the Annual Investment Strategy is that:

‘the Council should invest prudently the surplus funds held on behalf of the community giving priority to security and liquidity’.

The Council is responsible for its treasury decisions and activity. No treasury management activity is without risk. The successful identification, monitoring and control of risk is an important and integral element of its treasury management activities.

1.7 The strategy allows sufficient flexibilities and delegations to avoid the need for a formal variation, other than in the most exceptional circumstance.

2.0 Consultation

2.1 The Council’s external treasury advisors, Capita Asset Services, supported the Council in the production of the strategies.

2.2 The strategy is to be approved by the Treasury Management Panel at its meeting on 18th January 2016.
