#### **Matter to be considered**

Potential Bias / Predetermination ahead of JCS Council Meetings on the 30th June 2016.

#### **Nature of Interest**

Member of the Leckhampton with Warden Hill Parish Council  
Chair of Neighbourhood Forum  
Chair of LEGLAG  
Member of the Cheltenham Alliance

#### **Date upon which consideration of matter will take place (i.e. date of the meeting if known)**

30th June 2016

#### **Reasons for application (please give detailed information and reasons as to why you believe dispensation should be granted in respect of your interest for which dispensation is sought)**

With the Joint Core Strategy (JCS) which has been in development for over five years and has been to CBC Council on three previous occasions many councillors have expressed strong views previously at Council and in the media. My position is no different, my views on protecting green space are well known and understood by other members. I have been present at all three previous JCS Councils representing Leckhampton Ward. My participation in previous JCS events and the working group among other councillors has in my view set the correct precedent. I represent the majority view in Leckhampton, this has been demonstrated in numerous public consultations and petitions to the Council on saving the rural character of Leckhampton and it's setting beneath the Cotswold escarpment.

This Council is to examine Inspector Ord's JCS Interim Report on the 30<sup>th</sup> June, having been present and participated at many of the Examination in Public (EIP) sessions my experience and knowledge on the evidence will be of use at Council and request dispensation to attend and participate the JCS Council. I will of course be willing to take instruction and declare an interest in this matter.

### APPLICATION FOR DISPENSATION

<b>Name:</b>	Councillor Louis Savage
--------------	-------------------------

#### Matter to be considered

Consideration of the Inspector's Interim Report on the Gloucester, Cheltenham and Tewkesbury Joint Core Strategy.

#### Nature of Interest

Appendix B (Other Interest) – Member of CPRE

#### Date upon which consideration of matter will take place (i.e. date of the meeting if known)

30 June 2016

#### Reasons for application (please give detailed information and reasons as to why you believe dispensation should be granted in respect of your interest for which dispensation is sought)

The Joint Core Strategy (JCS) sets out the long term vision and will help shape the future of the area up to 2031 including making provision for housing and employment land. The JCS will also provide the strategic policy framework for the area. The proposals within the plan affect everyone that lives and works in the Borough and I have been elected to represent the interests of both my own ward and the Borough as a whole. It is of vital importance that, as a local member, I am able to participate fully in the decision on this document, of which the Gloucestershire County Council land ownership affects only part. Therefore I am seeking a dispensation on the grounds that my participation in the matter at the meeting on the 30 June 2016 is in the interests of the persons living within Cheltenham Borough.

#### Reasons for application (please give detailed information and reasons as to why you believe dispensation should be granted in respect of your interest for which dispensation is sought)

Although I'm a GCC member I'm not a member of it's executive and as such do not make decisions in terms of asset disposals. Also, if not granted a dispensation, I would not be in a position to represent the views of my Borough ward residents. When sitting as a Borough councillor, my duty is to the best interests of Cheltenham Borough Council (CBC) however that affects GCC. Therefore I cite reasons 2a,2c and 2d

#### Reasons for application (please give detailed information and reasons as to why you believe dispensation should be granted in respect of your interest for which dispensation is sought)

I am a Gloucestershire County Councillor. The County Council own land in areas identified in the Joint Core Strategy as suitable for Urban Extensions. I have no personal financial interest in any of the land allocated; I don't have any executive role at the County Council in deciding whether to sell the land. I don't believe being on the County Council should prevent me from attending Cheltenham Borough Council for this debate.
