

IMPERIAL GARDENS DESIGN

COMMENT CARD SUMMARY

PLEASE LET US KNOW IF YOU SUPPORT THE MAIN DESIGN ELEMENTS OUTLINED IN THE ATTACHED DISPLAY.

Total number of ticks received from respondents on each design element. Some boxes were left empty by respondents.

Phase 1

The enhancement of all existing shrub borders with additional perennials, shrubs and roses.

The new design of the floral bedding areas to accommodate temporary festival marquees (re-instating grass and flower beds after both festivals).

Planting of new trees.

Creation of attractive paved seating area to front of garden bar.

Refurbishment of Skillicorne Garden.

Future Phases

Refurbishment of existing raised garden bar steps, paving and planters.

Extension of decorative buff coloured bonded gravel surfacing to the remaining macadam paths.

Reintroduction of the heritage railings (not gates) around the perimeter of the gardens.

Widening and strengthening of Eastern entrance and grass reinforcement to improve vehicle access and reduce setting up and taking down time.
