

In relation to application 17/02007/PRMV for Morans, 123 – 129 Bath Road, Cheltenham, GL53 7LS
Environmental Health are aware that:

- The premises have been operating as the plan shows for a period of time now and the application is to ensure that the plans held by the department are accurate as to the layout and licensable areas of the premises. The application also shows that the rear courtyard is not within the area to be licensed for activities which require a licence
- The Environmental Health department have, since the premises has been operating as the plans show, received 1 complaint from a residential premises
- The reduction in hours for the premises mean that they will close earlier to customers and have made a commitment to close the rear courtyard prior to this time too

Kind regards,

Louise Boyle
Senior Environmental Health Officer
Cheltenham Borough Council
