Appendix A - Schedule of Financial limits

## **Introduction**

Financial Rules, together with Contract Procedure Rules and other forms of guidance on procedure and conduct, provide the framework for managing the council's financial affairs, ensuring high integrity and accountability. They apply to every Member and Officer of the council and anyone acting on behalf of the council.

To conduct its business efficiently the council needs to ensure that there are sound financial management policies in place and that these are strictly adhered to. Part of this process is the establishment of Financial Rules that set out the financial policies of the councils forming the GO Shared Services.

These Financial Rules are made pursuant of the Local Government Act 1972, Section 151 the Accounts and Audit Regulations 2003 (as amended) and all other enabling powers.

The Financial Rules provide clarity over the accountabilities of individuals, ensures that the council uses best practice when dealing with financial matters and that council resources are used wisely.

For the purpose of these Financial Rules, the description "Council" shall refer to the Full Council, made up of elected members, and the term "council" shall relate to the local authority.

The financial limits approved as part of these Financial Rules are summarised in Appendix A – Schedule of Financial Limits.

## **Status of Financial Rules**

These Financial Rules relate to each of the Local Authorities forming the GO Shared Services, being Cotswold District Council, Cheltenham Borough Council, Forest of Dean District Council and West Oxfordshire District Council. This service provides shared financial, payroll, procurement and human resources services across the partnering authorities.

The Financial Rules shall be complied with by all Officers and Members from each of the above Local Authorities. If job titles and roles differ between the councils, the responsibilities defined in the Rules shall be adopted by the most appropriate level of employee within each council's structure, agreed locally.

The Financial Rules shall apply to all Officers within the GO Shared Services, irrespective of the client council. Full access to financial systems and records shall be given to delegated Officers within the Shared Services in order to facilitate transactional processing and other finance related work, as required.

The Financial Rules identify the financial responsibilities of Council, Cabinet and Cabinet Members, other Members, the Head of Paid Service (Chief Executive), the Monitoring Officer, the Section 151 Officer, other Directors and Heads of Service and all other employees and agents of the council.

Directors and Heads of Service are responsible for ensuring that all staff in their departments are aware of their responsibilities according to the Financial Rules and other internal regulatory documents and comply with them.

Cabinet Members and Senior Officers should maintain a written record where these responsibilities have been delegated to members of staff, including seconded staff.

Where responsibilities have been delegated or devolved to other responsible Officers, references to the Members or Senior Officers in the rules should be read as referring to them.

All Members and Employees have a general responsibility for taking reasonable action to provide for the security of the assets under their control, and for ensuring that the use of these resources is legal, is properly authorised and provides value for money. Nothing included in or omitted from these Financial Rules shall detract from this responsibility.

The Section 151 Officer is responsible for maintaining a continuous review of the Financial Rules and advising the Cabinet of any non-material additions or changes necessary.

The Rules will be formally reviewed every 5 years under the control of the Section 151 Officer, in consultation with the Strategic Lead of GO Shared Services, GO Shared Services Heads of Finance and all those who deal with financial matters within and on behalf of the council. The revised Rules will be reported to each council for approval. In the meantime, if material changes make a review of the Rules necessary, this should be the subject of a report by the Section 151 Officer at each council.

Should an instance of non-compliance with these rules be discovered the Section 151 Officer may, after consultation with the Chief Executive, make a report to the Leader, Full Council and/or Cabinet, as appropriate. Non-compliance with financial rules may also lead to disciplinary action being taken.

## **Internal Audit**

The Accounts and Audit Regulations 2011 (England) requires that the council must undertake an adequate and effective internal audit of its accounting records and its system of internal control, in accordance with the proper practices in relation to internal control.

The Section 151 Officer is responsible for ensuring that arrangements are put in place to ensure financial stewardship, probity and compliance with laws and regulations within the council.

- Challenging how it secures economy, efficiency and effectiveness; looking at how the council is prioritising resources and improving efficiency and productivity.

## **B: FINANCIAL PLANNING, BUDGET PREPARATION AND BUDGET MONITORING**

### **Introduction**

Full Council is responsible for agreeing the council's policy framework and budget, which will be proposed by the Cabinet. In terms of financial planning, the key elements are the corporate plan, the annual revenue budget, the capital programme and the Medium Term Financial Strategy.

The policy framework comprises a number of statutory plans and strategies that are listed in the council's Constitution.

The budget is the financial expression of the council's plans and policies. It reflects Council, Cabinet and Committee priorities and gives authority to Budget Holders to incur expenditure or collect income. It should take due account of the risks and opportunities facing the council.

The revenue budget must be constructed to ensure that resource allocation properly reflects the service plans and priorities of the council. Budgets are needed so that the council can plan, authorise, monitor and control the way money is allocated and spent. It is illegal for the council to budget for a deficit.

Medium term financial planning covering a minimum period of 5 years, which incorporates both revenue and capital plans, involves a planning cycle in which Members, the Chief Executive, Directors and Budget Holders plan for significant events and changes to spending and income. This allows for measured and appropriate action to be taken each year when setting detailed budgets and avoids the need for urgent or undesirable action.

### **Full Council**

Full Council is responsible for the approval and adoption of its annual Budget in February of each year prior to the start of the next financial year.

This includes:

- The allocation of financial resources to services and projects.
- The control of capital expenditure.
- The approval of the Medium Term Financial Strategy.
- The control of the council's borrowing requirement.
- Setting the Council Tax base and the rate of Council Taxation.

Full Council is responsible for approving procedures for agreeing variations to approved budgets, plans and strategies forming the Policy Framework.

Full Council is responsible for setting the level at which the Cabinet, Cabinet Members and Officers may reallocate budget funds from one service to another (see virement rules, Section C).

## **Cabinet**

The general format of the annual budget will be approved by Cabinet, on the advice of the Section 151 Officer, in the autumn of each year prior to the start of the next financial year.

The Cabinet is responsible for:

- Co-ordinating the development of the Budget and Policy Framework and submitting budget proposals to Full Council in February prior to the start of the next financial year.
- Taking in-year decisions on resources and priorities in order to deliver the budget and Policy Framework within the financial limits set by the council.
- Monitoring financial performance against the budget.

## **Section 151 Officer**

The Section 151 Officer is responsible for ensuring that a revenue budget is prepared on an annual basis and a Medium Term Financial Strategy is prepared on a minimum 5 year basis for consideration by the Cabinet, before submission to Full Council in February prior to the start of the next financial year.

The Section 151 Officer is responsible for:

- Determining the format of the budget and budget timetable to be agreed by Cabinet in the autumn prior to the start of the next financial year.
- Supplying the financial information that needs to be included in policies, strategies and performance plans in accordance with statutory requirements and agreed timetables.
- Providing guidance to Officers on budget preparation.
- Advising Full Council on Cabinet budget proposals in accordance with his or her responsibilities under Section 151 of the Local Government Act 1972. This advice to be presented to Full Council at its budget setting meeting in February, as part of his or her S25 Report.

- Ensuring that expenditure is committed only against an approved budget and that all Officers responsible for committing expenditure comply with the Financial Rules and other relevant guidance.
- Establishing a framework of budgetary management and control, ensuring that financial performance information is monitored sufficiently frequently to allow corrective action to be taken if targets are not likely to be met.
- The preparation of Budget Monitoring reports, to be reported to Cabinet, reflecting significant variations to income and expenditure budgets (in excess of £10,000) and the overall financial position, on a quarterly basis.
- Ensuring that appropriate and timely information is provided on receipts and payments, in order to allow budgets to be monitored effectively.
- Ensuring that systems are in place to measure activity and collect accurate financial information for use in local financial performance indicators.
- Complying with all legal requirements and CIPFA's Code of Practice on Local Authority Accounting and CIPFA's Service Reporting Code of Practice for Local Authorities.

### **Directors and Heads of Service**

Directors and Heads of Service should manage their budgets responsibly and prudently and not create future commitments without approved budget.

They are responsible for:

- Contributing to the development of the Policy Framework, budgets and performance plans within their areas of responsibility. Budget estimates should be prepared in line with guidance issued by the Section 151 Officer and have regard to known spending patterns, legal requirements and agreed corporate and/or service plans.
- Contributing to the development of corporate and service targets, objectives and performance information in their areas of responsibility.
- Developing their services' performance plans in line with statutory requirements and corporate guidance.
- Achieving the targets, objectives and levels of performance as set out in the corporate plans (including achievement of budgetary targets within their areas of responsibility).

- Complying with the accounting guidance provided by the Section 151 Officer and ensuring that income and expenditure is properly recorded and accounted for in their service areas. Income and expenditure should not be miscoded as a means of applying unauthorised virement.
- Monitoring income and expenditure within their approved budgets and reporting to the Section 151 Officer and Cabinet Member significant variations to budget (in excess of £10,000). He or she should also take the necessary action required to improve the financial position.

Directors and Heads of Service are able to delegate budget responsibilities to Service Managers within their given area of responsibility. Any such scheme of delegation should be documented and the Budget Holder made aware of their levels of authority and the contents of the Financial Rules. Adequate training and support should be provided to Budget Holders to enable them to carry out their financial responsibilities and internal controls should be established to ensure that budgets are properly monitored.

### **Budget Holders and Other Employees**

Each delegated budget holder and employee shall be responsible for the sound financial management and budgetary control of their delegated area. This will include the monitoring and control of all financial and finance related systems and the monitoring and control of access to computerised financial records. Significant variations to budgets should be reported to their Director or Head of Service.

### **Preparation of Capital Programme**

Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the authority, such as land, buildings, and major items of plant and equipment or vehicles. Capital assets shape the way services are delivered for the long-term and create financial commitments for the future in the form of financing costs and revenue running costs. Capital expenditure may include loans and grants which are used by others for capital purposes.

The Section 151 Officer is responsible for defining whether expenditure is classed as capital or revenue expenditure, having regard to Government regulations and accounting requirements.

The council can set a “de minimis” level for treating capital expenditure as revenue, to avoid unnecessary work in identifying potential capital spend. The current “de minimis” level is set at £10,000. Expenditure falling within the definition of capital expenditure will be charged to revenue if is for £10,000 or less.

The Section 151 Officer is responsible for ensuring that a capital programme is prepared on an annual basis for consideration by Cabinet, before submission to Full Council for approval as part of the annual Budget setting process.

Each Director or Head of Service will prepare a business case for each new item to be included in the capital programme, including details of the scheme, the capital budget requirement, a project plan, associated revenue expenditure and any other details requested by the Section 151 Officer.

No capital scheme shall commence which will increase the revenue expenditure of the council until such revenue provision has been approved.

The Government places strict controls on the financing capacity of the authority. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.

Additional funding of capital schemes should be approved as follows:

- Amounts not exceeding £100,000 – by Cabinet
- Amounts in excess of £100,000 – by Full Council.

This approval is subject to council approved budgets and financial rules.

As part of the capital programme, an asset management plan shall be maintained by a designated Director or Head of Service and a capital strategy shall be maintained by the Section 151 Officer. The plan and strategy shall be reported to Cabinet every three years.

Once a capital project has been approved, a Director, or delegated employee, will be accountable for the delivery of the scheme and must comply with the council's Procurement Rules, Financial Rules and any other internal regulatory documents.

### **One-Off Revenue Funding**

Additional one-off revenue funding should be approved as follows:

- Amounts not exceeding £100,000 – by Cabinet
- Amounts in excess of £100,000 – by Council

This approval is subject to council approved budgets and financial rules.

### **Resource Allocation**

Where there is a mismatch between available resources and required resources, service needs should be prioritised and resources fairly allocated.

The Section 151 Officer is responsible for:

- Developing and maintaining a resource allocation process that ensures due consideration of the council's policy framework.
- Advising on methods available for accessing additional resources and assessing their financial implications.
- Assisting in the allocation of resources to budget holders.

### **Increases in Estimates**

Other than by virement or supplementary estimate, expenditure estimates may not be increased as a result of increased income, unless the service is designated as a trading service by the Section 151 Officer, in consultation with the relevant Director and Cabinet Member. In these circumstances expenditure estimates approved by the Council may be increased as a result of increased income, in line with the virement rules set out in the Financial Rules.

### **Carry Forward of Budget**

Carry forward of planned underspend of revenue budgets into the following financial year will be allowed with the agreement of the Section 151 Officer, in order to meet the needs of approved service delivery. All applications shall be submitted to the Section 151 Officer in accordance with the agreed year end timetable.

Section 151 Officer approval is subject to evidence that the underspend is as a result of timing, has been committed for the **same purpose** as originally intended, and will be spent in the new financial year. The Section 151 Officer will report agreed carry forwards to the Cabinet each year.

All other carry forward requests, including budget under spends that have been carried forward in previous financial years, will be subject to Full Council approval at the Financial Outturn meeting held after the year end.

### **Maintenance of Reserves**

Full Council must set the level of general reserves it wishes to maintain before it can decide the level of the Council Tax. Reserves are maintained as a matter of prudence. They enable the council to provide for unexpected events and thereby protect it from overspending should such events occur.

The Section 151 Officer has a statutory obligation under the Local Government Act 2003 to report on the adequacy of the council's reserves to Cabinet and Full Council, at the time the Council considers its budget for the coming year.

Reserves can be maintained for three main purposes:

- A working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing (This forms part of general reserves).
- A contingency to cushion the impact of unexpected events or emergencies (This also forms part of general reserves).
- A means of building up funds to meet known or predicted requirements (Earmarked reserves).

The Section 151 Officer has delegated authority to approve in year transfers to and from earmarked reserves to support the activities of the council.

The transfer to and from general reserves shall be the responsibility of Full Council. As part of the annual budget approval process, Full Council may delegate the amount by which such funds may be utilised and approved by Cabinet in meeting unforeseen expenditure.

## **C: SCHEME OF VIREMENT**

### **Introduction**

The scheme of virement is intended to enable the Cabinet, Directors and Heads of Service and Budget Holders to manage budgets with a degree of flexibility within the overall Policy Framework determined by the council, and therefore to optimise the use of available resources.

Virement is the switching of resources between approved budgets at a service or cost centre level. This transfer of budgetary provision may be used if additional expenditure is required on an existing budget, providing that an equal expenditure saving or additional income can be made on another budget, subject to the Virement Rules.

### **Full Council**

Full Council is responsible for agreeing procedures for virement of expenditure between budget headings. The virement scheme is administered by the Section 151 Officer within the guidelines set by Full Council. Any variation from this scheme requires the approval of Full Council.

Virement in excess of £100,000 are deemed to change the Budget and Policy Framework and require the approval of Full Council.

### **Budget Variations within a Service**

Action to correct actual or projected variations in budgeted income or expenditure within an approved cost centre / service is delegated to the relevant Service Manager or Budget Holder, in consultation with GO Shared Services. These variations should not have a financial impact on the approved net budget on the cost centre / service.

### **Virement Rules / Limits**

The prior approval of the relevant Cabinet Member and the Section 151 Officer is required for any virement, of whatever amount, where it is proposed to vire as a result of a fortuitous increase in income to a cost centre not designated as Trading. The rules below cover the delegated virement limits.

## Revenue budgets:

The following rules apply to virement between services:

- **Amounts up to £10,000 –**  
Approval by relevant Director(s) or Head of Service(s). The Section 151 Officer should be informed of this virement.
- **Amounts over £10,000 but not exceeding £25,000 –**  
Approval by relevant Director(s) or Head of Service(s) and the Section 151 Officer. Relevant Cabinet Member(s) to be informed of this virement.
- **Amounts over £25,000 but not exceeding £50,000 –**  
Approval by Cabinet Member(s) in consultation with Section 151 Officer.
- **Amounts over £50,000 but not in excess of £100,000 –**  
Approval of Cabinet.
- **Amounts in excess of £100,000 –**  
Approval of Full Council.

## Capital Schemes:

- **Amounts up to £50,000 –**  
Approval of relevant Director(s) or Head of Service(s), with the agreement of the Section 151 Officer. Cabinet Member to be informed.
- **Amounts over £50,000 but not exceeding £100,000 –**  
Approval by Cabinet
- **Amounts in excess of £100,000 –**  
Approval of Full Council.

Virement that is likely to have a financial impact on the level of service activity falling under the responsibility of another Director should only be implemented with the approval of each Director or Cabinet Member concerned.

Virement must not be aggregated or disaggregated in order to avoid the Virement Rules.

No virement relating to a specific financial year will be made after 31st March in that year.

Where an approved budget is a lump sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:

- the amount is used in accordance with the purposes for which it has been established.
- the Cabinet or Full Council has approved the basis and the terms, including financial limits, on which it will be allocated. Individual allocations in excess of the financial limits should be reported to the Cabinet or Full Council as required.

The virement must not contravene any statutory requirement.

All virement must be properly documented and approved. A record of all virement should be maintained by the Section 151 Officer and reported to the appropriate Cabinet Member.
