Comments: 16th February 2019

Having reviewed the revised plans, I can confirm I now have no objections to the proposed redevelopment of Tree Tops.

Comments: 17th February 2019

The raised roof level is a solution to a problem that has arisen. In the overall scheme I can't see any reason why this wouldn't be acceptable in order to make the plans viable. The property is in need of renovations and this 'upgrade' will make an impressive and unique Prestbury home within its own grounds. I wish them all the best with creating a happy family home.

Comments: 19th February 2019

This retrospective application should be refused as it is a blatant disregard for the original generous planning approvals. The raised roof including the dormer windows has already been built together with the raised wall height on the rear extension.

Comments: 18th February 2019

Please note that I would like to make the strongest possible objection to the above Planning Application.

It is totally inappropriate to raise the roof to the level proposed and also to incorporate windows in the roof. The application also clearly does not meet policies SO4 or CP7.

The fact that the work has gone ahead without permission is also blatantly flouting planning laws and something which Cheltenham Borough Council should clearly reject.
