1. Background

- 1.1 Local authorities in England are legally obliged to “have regard” to the CIPFA Treasury Management Code and the Prudential Code by relevant Capital Finance Regulations.
- 1.2 Local authority investment decisions have made headlines over the past year with the financial press questioning the role of local authorities investing in property and assets as a means to generate income to compensate for the reduction in government funding. Investing in property and other assets is nothing new for Cheltenham Borough Council whom has historically held major assets such as retail sites and commercial property for some time now. In recent years however the emphasis on using these assets to generate a commercial yield has become much greater and this has involved some councils investing in property outside of its area. The scaling up of investments by local councils has been brought to the attention of the Ministry of Housing, Communities and Local Government (MHCLG) and CIPFA resulting in changes to the Treasury Management Code and the Prudential Code.
- 1.3 Following consultations in February and August 2017, CIPFA published its new 2017 guidelines of Treasury Management in the Public Services: Code of Practice and Cross-sectoral Guidance Notes and the Prudential Code for Capital Finance in Local Authorities just before the end of 2018. The Council is now required to prepare and approve four strategies/statements:
 - Capital Strategy;
 - Investment Strategy;
 - Treasury Management Strategy Statement; and a
 - MRP Statement

2. Consultation

- 2.1 Each strategy is attached at Appendices 2 - 5 based on information relating to the Council's local circumstances with accompanying information and advice supplied by the Council's treasury advisors Arlingclose Limited.
- 2.2 The Treasury Management Strategy Statement has been recommended for approval by the Treasury Management Panel at its meeting on 25th February 2019 to Council. Given the significance of importance, and to allow time for them to be written, the Leader and Cabinet Member for Finance have agreed that the Capital Strategy, Investment Strategy and the MRP Statement are to be reported direct to Full Council for consideration and formal approval.

Risk Assessment

Appendix 1

The risk				Original risk score (impact x likelihood)			Managing risk				
Risk ref.	Risk description	Risk Owner	Date raised	I	L	Score	Control	Action	Deadline	Responsible officer	Transferred to risk register
	LOBO Loans - If £7m of these loans are recalled by the banks if they choose to exercise their option then we would need to have the resources on the day to repay. Alternative borrowing arrangements at today's current rates would be favourable for the Council	ED Finance & Assets Paul Jones	24 th January 2015	1	2	2	Accept	If the loans are recalled the council could take out temporary borrowing which is currently much lower than the rates on these loans. Any capital receipts available could also be used to repay debt.	May 2020	ED Finance & Assets Paul Jones	
	If the assumptions made within the strategies change, then the aspirations within the capital programme may become unaffordable.	ED Finance & Assets Paul Jones	13 th March 2019	3	2	6	Accept	The Treasury Management Strategy and Prudential and Treasury Indicators reflect various assumptions of future interest rate movements and Government support for capital expenditure. These will be continually monitored and any necessary amendments will be made in accordance with the Strategy		ED Finance & Assets Paul Jones	

	If tenants exercise break-clauses and/or not renew leases, then there may be an impact on income projections and net returns.	Simon Hodges	15 th August 2018	2	3	6	Accept	Should tenants serve notice, the Council will have 6 months prior notice to find new tenants.		Simon Hodges	
	If thorough due diligence is not undertaken when pursuing commercial property investments, the Council may not meet all of the criteria set out within its capital and investment strategies.	ED Finance & Assets Paul Jones	13th March 2019	4	2	8		Due diligence is of paramount importance. All of our commercial investments have individual business cases that are subject to thorough risk assessment and stress testing and we also stress test the whole investment portfolio to ensure all risks are captured and properly controlled. Where appropriate to the size and scale of the project we also commission independent technical, legal, accounting, risk management, property, taxation advice		Simon Hodges
