1. Purpose of the Policy

This policy sets out Cheltenham Borough Council’s ("the authority") framework and approach for the management of street trading in the borough.

Through the street trading scheme the authority aims to control:

1. the location of street traders;
2. the number of street traders; and

The scheme also aims to:

1. prevent unnecessary obstruction of the highway by street trading activities;
2. sustain established shopkeepers in the town;
3. maintain the quality of the townscape and add value to the town; and
4. encourage inward investment.

In doing so, the authority recognises the importance of licensed businesses to the local economy and the character of the area whilst trying to ensure that the activities do not cause public or statutory nuisance to the people in the area.

This policy will guide the authority when it considers applications for street trading consents. It will inform applicants of the criteria against which applications will be considered.

2. Review of the Policy

It is the intention that this policy will be reviewed every 3 years or more frequently should it be deemed necessary.

3. Legislation & Designation of Streets

The authority has resolved that Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982 ("1982 Act") should apply in the borough. Under Schedule 4 of the 1982 Act, the authority can regulate street trading by designating streets as 'consent streets', 'licence streets' or 'prohibited streets'.

The authority has designated the entire borough as consent streets. A 'consent street' is a street in which street trading can only take place if consent from the authority has first been obtained.

It is a criminal offence to engage in street trading in a consent street without consent.

There are currently no licence streets or prohibited streets within the borough.

4. The Licensing and Determination Process

This part of the policy sets out how the authority will deal with applications for consent in the borough.

Applications can be made for:
1. a “Fixed Pitch” (see “Permitted Locations” below); 
2. a “Roaming Consent” (Borough wide consent when a schedule of stops/streets is included with the application i.e. ice cream vans etc.)

4.1 Permitted Locations

Consents are limited to the sites identified in Annex 1.

Sites can remain with the same person for a number of years. In the event of the consent being revoked, surrendered or if it lapses without being renewed, the authority will accept new applications for the vacant site. This might be at any time of the year.

If more than one application is received for any new or vacant pitch, the applications will be referred to the authority’s licensing committee to consider the applications. The applications will be assessed against the authority’s Assessment Criteria.

4.2 Assessment Criteria

In considering applications for the grant or renewal of a consent, the following factors will be considered:

- **Needs of the Area** - The retail offer of each individual pitch. The goods complement and do not conflict with the goods sold by other established retailers within vicinity. This criterion permits the authority to undertake a qualitative assessment of the goods to be sold by each competing applicant against those on sale in the adjacent area. The authority does however recognise that the surrounding retail offer is subject to change, therefore, it will apply this criterion to applications for new or renewal applications.

- **Public Nuisance** – Whether the street trading activity represents, or is likely to represent, a substantial risk of nuisance to the public, or properties in the vicinity, from noise, misbehaviour, emissions, smells etc.

- **Public Safety** – Whether the street trading activity represents, or is likely to represent, a substantial risk to the public from the point of view of obstruction, fire hazard, unhygienic conditions or danger that may occur when a trader is accessing the site.

  The authority would expect a minimum of 6 feet (1.8m) of unobstructed highway/walkway on at least one side of the proposed trading unit/location.

- **Appearance of the Stall or Vehicle** – Trading units must enhance the visual appearance of the street and street scene rather than detract from it and be constructed in a suitable scale, style and using appropriate materials. It should also be designed to be fully accessible for all customers and advertising material must be limited to the name of the stall, the type of product sold and a simple price list and be professionally designed and printed.
The authority will generally not permit trading units where the unit fully, or substantially, blocks lines of sight to established retailers in the vicinity.

Any street trading operation which negatively impacts public access by walking, cycling or public transport will not generally be accepted.

- **Environmental Credentials** - The impact of the proposed operation on the local environment, including street surfaces, tree pits & materials, power supply, carbon footprint, supply chain, packaging, waste minimisation and recycling, waste disposal and waste created by customers.

The authority will encourage the use of sustainable products and will consider the trader’s environmental credentials in respect of these when considering whether or not to approve applications. The authority will expect applicants to submit environmental statements setting out how the applicant will operate in an environmentally sustainable way.

### 5. Renewals

Consents are issued for a period of up to one year.

Consent holders should re-submit their application if they wish to continue to trade at least one month before the expiry of their current consent. As a matter of convenience, the authority will send renewal reminders to consent holders.

However, the authority is clear that it remains the consent holder’s responsibility to ensure that their consent is renewed in time.

If, without reasonable excuse, a renewal application is not made before the expiry of the current consent it will expire and the pitch will become available. A new application must be submitted in accordance with the procedure set out above (“Application for Consent – Permitted Locations”).

The authority may consult further to determine if the street trader is a cause for concern or has been the subject of complaints.

Where a renewal application has been made and:

1. there have been no significant complaints or enforcement issues;
2. all fees have been paid on time; and
3. there has been no significant change to the retail environment in the vicinity of the trading location

the consent will normally be renewed.

### 6. Transfers

An issued consent can be transferred. Written consent will need to be obtained using the authority’s adopted form available on the website at [https://www.cheltenham.gov.uk/licensing](https://www.cheltenham.gov.uk/licensing).
7. Special Events

The authority recognises that there may be times when consent may be sought otherwise than in accordance with the policy for special one-off events.

These may include, for example, one-off charitable or promotional events.

Applications of this type will be determined on a case-to-case basis taking into account the assessment criteria set out above.

8. Markets

Street trading associated with markets will require individual consent applications from individual traders. The market operator can act as an agent for individual traders by submitting a single application on behalf of all the traders on the market.

Please refer to the authority’s website for further information on the application process (https://www.cheltenham.gov.uk/licensing).

On dates and/or in locations where applications have been made for trading associated with markets, the authority will only permit traders associated with that market.

9. Conditions

Consents are issued subject to the authority’s standard conditions. See Annex 2 for the authority’s standard conditions.

In addition, the authority can impose additional conditions where it is deemed appropriate.

10. Enforcement

The authority has a responsibility to regulate street trading in the borough and is therefore committed to enforcing the provisions contained within the relevant legislation and to work in partnership with all enforcement agencies.

All enforcement action will be undertaken in accordance with the authority’s adopted enforcement policy available on the website at https://www.cheltenham.gov.uk.
