Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 10:05 AM on 12 Oct 2020 I note there has been an application for a license to open a Wine Bar at 2, The Crescent which is adjacent to Royal Crescent. The applicant wishes to serve alcohol from 8.00am until 1.30am.
This is completely unacceptable as the premises are next door to a private home and close to other private homes.
There is presently a small cafe in the premises which is run quietly and closes at around 4.00pm every day. To replace with a Wine Bar operating for long hours is not suitable.
My home is opposite the premises and I am concerned that people under the influence of alcohol will be spilling out of this building and creating a nuisance in what is usually a quiet road.
I also note that the applicant wishes to serve alcohol in "external areas" The external areas at the front of the building are severely limited, which means they will be using the garden at the back. This will affect the quality of life to the owners on Number 1.

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 11:01 AM on 16 Sep 2020 Upon hearing of this intended application I visited the aforementioned property on Saturday the 12th September 2020 only to find that there was no licence application displayed at or adjacent to the property. Only today have I been able to find the application online, only to discover that objections and comments closed on Monday the 14th of September. As this is a new licence application I am of the understanding that a notice of intention is to be displayed at or near to the property and due to this lapse in protocol by licensing I have been unable to enter an objection to this application. I would be interested to know the councils thoughts regarding this oversight as it has hindered mine and no doubt others ability to raise objections to this application.

Feedback from Senior Licensing Officer by email on 16 and 18 September 2020

The consultation process for this application has restarted as the newspaper notice was not published. If you wish to make comment on the application, please email us or use the online facility. The new end date is 14th October 2020.

The hearing will not now take place until late October/ early November – date to be confirmed in due course.

Subject: RE: Comments for Licensing Application 20/01041/PRMA

Thank you for your email. I have raised this query with the applicant and as soon as I hear from them, I will come back to you.

In the meantime, I hope I can provide some reassurance that local concerns about the application will be given proper consideration in any event, in that it will be going to a sub – committee, as we did receive 3 objections against it.
