The most useful item is the Director's Report at Agenda item 10, which gives an update on all the 'big-ticket' items across the County. One item that may be of particular interest is "***the proposed adoption of the ULEV (Ultra Low Emissions Vehicles) Strategy and the procurement and installation of Electric Vehicle Chargers across Gloucestershire***".

The other item of note is Agenda item 7, ***Modern Methods of Housing Construction***. The presentation received is included in the agenda pack. It gives an overview of what is possible and includes a lot of innovative ideas that could help Gloucestershire address the huge demand for affordable housing.

The Committee is winding down as we are nearing the end of the four year electoral cycle.
