Motion B	Proposed by: Councillor Brownsteen	Seconded by: Councillor Harvey
	<p>This council notes with concern the increase in homelessness and rough sleeping nationwide in recent years, and the profound impact that homelessness has on people's physical and mental wellbeing.</p> <p>Council recognises that two common reasons why members of the public may not give spare change to homeless people are a concern about how that money may be spent, and, due to the recent increase in use of contactless payment cards, often have less or no cash about their person.</p> <p>Council considers the BillyChip®, a Ceramic token which can be purchased in cafes and later redeemed by a homeless person in exchange for a hot or cold drink, to be a simple, innovative and more secure way for members of the public to give financial support to homeless people, which many wish to do.</p> <p>Council recognises further that the BillyChip® is already available in numerous outlets across Bristol, Bath and Oxford, is in the process of identifying and approaching potential venues in Cheltenham, and is the subject of huge popular online support.</p> <p>Council wishes to be part of this.</p> <p>Council offers the BillyChip® its full endorsement and commits to supporting the implementation of the chip here in Cheltenham.</p> <p>To achieve this, council resolves to:</p> <ul style="list-style-type: none"> - collaborate with the BillyChip CIC on developing its profile in Cheltenham - give the BillyChip CIC free use of its premises for the purposes of public information meetings - provide space on the Cheltenham Borough Council website listing participating venues and other relevant information 	

	- ensure that all appropriate council-operated venues participate in the scheme
