This Public Services Network (PSN) connection compliance certificate is issued following completion of the PSN compliance verification process. It shows that your organisation has successfully achieved PSN compliance by demonstrating to the PSN team that your infrastructure is sufficiently secure that your connection to the PSN would not present an unacceptable risk to the security of the network. Your certificate is valid until the expiry date shown above. It may be withdrawn at any time in accordance with the PSN Code of Connection (CoCo) if it is found that you no longer meet the agreed standards.
