## Public Questions (2 total)

**1. Question from Mr Steven Thomas to Cabinet Member for Climate Emergency, Councillor Alisha Lewis and/or Cabinet Member for Customer and Regulatory Services, Councillor Martin Horwood**

Cheltenham 2030 details very radical plans to completely change the town in a way that has never been seen before. I see as well there are considerations to turn Cheltenham into a ULEZ like Bath and Birmingham. Please detail the consultations that you have carried out with the general public and where you have obtained their consent.

Has the sewage leak into Pittville Park lake been addressed, which has killed lots of fish? Have you spoken with the water company that is likely responsible for causing this to ensure it does not happen again?
