

Annual Governance Statement

2022/23

DRAFT

1. Scope of Responsibility

Cheltenham Borough Authority (“the authority”) is responsible for ensuring that:

- Its business is conducted in accordance with the law and proper standards;
- Public money is safeguarded and properly accounted for
- Public money is used economically, efficiently and effectively; and
- There is a sound system of governance, incorporating the system of internal control and risk management

The authority has a Best Value duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging these responsibilities, the authority is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and including arrangements for the management of risk.

The authority has developed and approved a code of corporate governance, which is consistent with the core principles and sub-principles as set out in the CIPFA/SOLACE “Delivering Good Governance in Local Government: Framework (2016)” (“the Framework”). This statement explains how the authority has complied with the code and also meets the requirements of Regulation 6(1)(a) of the Accounts and Audit Regulations 2015 (England) which requires the authority to conduct a review at least once a year on the effectiveness of its system of internal control and include a statement reporting on the review with any published Statement of Accounts.

In addition to this, CIPFA issued its “Statement on the Role of the Chief Finance Officer in Local Government (2015)”. The Annual Governance Statement (AGS) reflects compliance with that Statement for reporting purposes. The Executive Director Finance and Assets is the Statutory Section 151 Officer (S151 Officer) for Cheltenham Borough Council.

In February 2021 CIPFA published Bulletin 06, the Application of the Good Governance Framework 2020/21, which contains guidance concerning the impact of the continuing Covid-19 pandemic on governance in local government bodies and the requirements of the Delivering Good Governance in Local Government Framework 2016 CIPFA and Solace (the Framework). It also takes into account the introduction of the CIPFA Financial Management Code 2019 (FM Code) during 2020/21. This AGS has been prepared taking into account this latest guidance.

2. Purpose of Governance Framework

The governance framework comprises the systems, processes, culture and values, by which the authority is directed and controlled including activities through which it is held accountable by, engages with and leads its communities. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of the governance framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to:

- Identify and prioritise the risks to the achievement of the authority’s policies, aims and objectives;
- Evaluate the likelihood of those risks occurring;
- Assess the impact should those risks occur; and
- Manage the risks efficiently, effectively and economically

The governance framework has been in place at the authority for the year ended 31 March 2023 and up to the date of approval of the Annual Statement of Accounts.

3. Governance Environment

The key elements of the authority's governance arrangements are outlined in the Local Code of Corporate Governance. The governance framework includes arrangements for:

- Identifying and communicating the authority's vision of its purpose and intended outcomes for citizens and service users;
- Reviewing the authority's vision and its implications for the authority's governance arrangements;
- Measuring the quality of services for users, ensuring that they are delivered in accordance with the authority's objectives and ensuring that they represent the best use of resources;
- Defining and documenting the roles and responsibilities of the executive (Cabinet), non-executive, scrutiny and officer functions, with clear delegation arrangements and protocols for effective communication;
- Developing, communicating and embedding codes of conduct, defining the standards of behaviour for members and staff;
- Reviewing and updating Financial Rules, Contract Rules, Constitution, Scheme of Delegation and supporting procedure notes / manuals, which clearly define how decisions are taken and the processes and controls required to manage risks;
- Ensuring effective counter fraud and anti-corruption arrangements are developed and maintained;
- Ensuring the authority's financial management arrangements meet the governance requirements of the *CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2015)*;
- Undertaking the core functions of an Audit Committee, as identified in *CIPFA's Audit Committees: Practical Guidance for Local Authorities*;
- Ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful;
- Whistleblowing referrals and for receiving and investigating complaints from the public;
- Identifying the development needs of members and senior officers in relation to their strategic roles, supported by the appropriate training;
- Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation; and
- Incorporating good governance arrangements in respect of partnerships, including shared services and other joint working and reflecting these in the authority's overall governance arrangements.

4. Principles Framework

The main areas of the authority’s governance framework and the assurance on compliance are set out over the next pages under the headings of the core principles and sub-principles from the CIPFA/SOLACE “Delivering Good Governance in Local Government: Framework (2016).
