

2 October 2023

Dear Cheltenham Borough Council,

Dogs Trust has been made aware that Cheltenham Borough Council is currently consulting on the extension of its series of Public Space Protection Orders. As the UK's largest dog welfare charity, we would like to make some comments for consideration.

Dogs Trust's Comments

1. Re; Fouling of Land by Dogs Order:

- Dogs Trust consider 'scooping the poop' to be an integral element of responsible dog ownership and would fully support a well-implemented order on fouling. We urge the Council to enforce any such order rigorously. In order to maximise compliance, we urge the Council to consider whether an adequate number of disposal points have been provided for responsible owners to use, to consider providing free disposal bags and to ensure that there is sufficient signage in place.
- We question the effectiveness of issuing on-the-spot fines for not being in possession of a poo bag and whether this is practical to enforce.

2. Re; Dog Exclusion Order:

- Dogs Trust accepts that there are some areas where it is desirable that dogs should be excluded, such as children's play areas, however we would recommend that exclusion areas are kept to a minimum and that, for enforcement reasons, they are restricted to enclosed areas. We would consider it more difficult to enforce an exclusion order in areas that lack clear boundaries.
- Dogs Trust would highlight the need to provide plenty of signage to direct owners to alternative areas nearby in which to exercise dogs.

3. Re; Dog Exclusion and sport pitches

- Excluding dogs from areas that are not enclosed could pose enforcement problems - we would consider it more difficult to enforce an exclusion order in areas that lack clear boundaries.
- We feel that exclusion zones should be kept to a minimum, and that excluding dogs from all sports pitches for long stretches of the year is unnecessary. In some cases sports pitches may account for a large part of the open space available in a public park, and therefore excluding dogs could significantly reduce available dog walking space for owners.
- We would urge the Council to consider focusing its efforts on reducing dog fouling in these areas, rather than excluding dogs entirely, with adequate provision of bins and provision of free disposal bags

4. Re; Dogs on Lead by Direction Order:

- Dogs Trust enthusiastically support Dogs on Leads by Direction orders (for dogs that are considered to be out of control or causing alarm or distress to members of the public to be put on and kept on a lead when directed to do so by an authorised official).

- We consider that this order is by far the most useful, other than the fouling order, because it allows enforcement officers to target the owners of dogs that are allowing them to cause a nuisance without restricting the responsible owner and their dog. As none of the other orders, less fouling, are likely to be effective without proper enforcement we would be content if the others were dropped in favour of this order.

5. Re; Taking more than a specified number of dogs onto a land:

- The behaviour of the dogs and the competency of the handler need to be taken into consideration if considering this order. Research from 2010 shows that 95% of dog owners have up to 3 dogs. Therefore the number of dogs taken out on to land by one individual would not normally be expected to exceed four dogs.

The PDSA's '[Paw Report 2018](#)' found that 89% of veterinary professionals believe that the welfare of dogs will suffer if owners are banned from walking their dogs in public spaces such as parks and beaches, or if dogs are required to be kept on leads in these spaces. Their report also states that 78% of owners rely on these types of spaces to walk their dog.

We believe that the vast majority of dog owners are responsible, and that the majority of dogs are well behaved. In recognition of this, we would encourage local authorities to exercise its power to issue Community Protection Notices, targeting irresponsible owners and proactively addressing anti-social behaviours.

Dogs Trust works with local authorities across the UK to help promote responsible dog ownership. Please do not hesitate to contact should you wish to discuss this matter.

We would be very grateful if you could inform us of the consultation outcome and subsequent decisions made in relation to the Public Space Protection Order.

Yours faithfully,

Clara Citro
