<b>Executive summary</b>	<p>The council must ensure that it has sound systems of internal control that facilitate the effective management of all the council's functions. The work delivered by AuditCotswolds, the council's internal audit service, is one of the control assurance sources available to the Audit Committee, the Senior Leadership Team and supports the work of the external auditor.</p> <p>The Annual Internal Audit Opinion presented to Audit Committee provides an overall assurance opinion at the end of the financial year. This Internal Audit Monitoring Report however is designed to give the Audit Committee the opportunity to comment on the work completed by the partnership and provide 'through the year' comment and assurances on the control environment.</p>
<b>Recommendations</b>	<b>The Audit Committee considers the report and makes comment on its content as necessary</b>

<b>Key risks</b>	That weaknesses in the control framework, identified by the audit activity, continue to threaten organisational objectives, if recommendations are not implemented.
<b>Corporate and community plan Implications</b>	<p><i>"Internal Auditing is an independent, objective assurance and consulting activity designed to add value and improve organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes."</i> (Chartered Institute of Internal Auditing UK &amp; Ireland).</p> <p>Therefore the internal audit activity impacts on corporate and community plans.</p>
<b>Environmental and climate change implications</b>	One of the specialist skills now provided by the service is that of environmental auditing. This would therefore aid the Council in its environmental and climate change objectives.

## 1. Background

- 1.1 The Annual Audit Plan was aligned with the corporate and service risks facing the Council as identified in consultation with the Senior Leadership Team and supported by such systems as the risk registers. At the time of preparing the 2011/12 plan, the Councils Corporate Strategy 2010-2015 was being reviewed and, as internal audit is there to help the organisation to achieve objectives, part of the plan has been aligned to elements of this strategy. However, to inform the audit plan we have also reviewed other key documents, such as the recently prepared Medium Term Financial Strategy, change programme agendas and updates to the business plan, many of which contain risk assessments.
- 1.2 There is also a requirement to support the work of the External Auditor (KPMG). This is in the form of financial audits governed by the Joint Working Agreement, and the governance audits to support such activities as Use of Resources.
- 1.3 The audit plan also considered risks that may evolve during the year. The consultation process has sought to identify these areas considering where internal audit could support and add value to the risk control process. This report identifies work we have completed in relation to the planned audit work.

## 2. Reasons for recommendations

- 2.1 The environment in which Cheltenham BC and other Local Authorities now operates has presented significant drivers for change. The continual effort to meet the organisational objectives within a constrained budget has resulted in core systems coming under review for change e.g. the GO Programme impacting on core financial systems, Shared Services impacting on core governance arrangements, etc.
- 2.2 Therefore Internal Audit needs to be responding to the changing environment and the areas where the organisation now requires assurances. This prompts the requirement to move to a more flexible and risk based plan.
- 2.3 It should also be recognised that the service is now a partnership so coordinating resources across multiple organisations is critical to the success of the partnership.
- 2.4 This report highlights the work completed by internal audit and provides comment on the assurances provided by this work.

## 3. Internal Audit Output

- 3.1 The internal audit service commenced quarter 2 with reduced resources due to maternity leave. However there is still the expectancy to complete the audit plan 2011/12 as planned. The partnership made use of existing staff to cover the maternity issue by acting up one senior auditor to principal level and increasing the days available to another senior auditor.
- 3.2 Internal Audit has concluded the following audits in quarter 4:

Audit	Report status	Assurance
Payroll	Final	Limited
Council Tax & NNDR	Final	High

Housing Benefits	Final	Satisfactory
------------------	-------	--------------

3.3 Further detail specific to each audit finalised is shown in **Appendix 1**.

3.4 AuditCotswolds has also undertaken the following:

- Audit support for the GO-Programme (see 3.5)
- Audit support for the Local Authority Company (see 3.6)
- Cheltenham Borough Homes – client (audit days delivered)
- Audit support for the Commissioning Programme
- Audit Support for the other key Change Programmes

3.5 GO Programme – Audit support at programme board level, independent assessment of gateway reviews and results, advice on the implementation projects including coordinating implementation audit support at Forest of Dean, monitoring of risk assessments and highlight reports, etc

3.6 Local Authority Company – Audit support at Project Board level, advice on project governance, risk management and gateway review systems, advice at implementation level projects, etc

3.7 Both of these projects are going to require internal audit services from 1<sup>st</sup> April 2012 and therefore some audit management time has been allotted to the development of new audit structures and plans for this provision.

3.8 The level of involvement the internal audit service has within the Cheltenham Borough Council change programmes is substantial but it is considered necessary when there is such a high level of risk with such significant changes being introduced.

3.9 Follow-up of recommendations has been completed and is detailed in Appendix 1.
