You don't often get email from. [Learn why this is important](#)

Dear Planners,

As residents of Sandy Lane, we would like to share our opinion of the proposed works to no 68.

We feel that what they are intending to do will definitely be an improvement. Many of the houses in Sandy Lane are being, or have been recently renovated to be very smart indeed, so this will absolutely be in keeping.

We have no objections to the proposals

Yours

64 Sandy Lane
