<p>PC 2309 Sansom attended Bargain Booze on Hewlett Road in Cheltenham and on entry to the store I could see the store was open with alcohol on show for sale.</p> <p>I spoke to Mrs Darlwinder Kaur who explained they shut for 1 month following the Licensing Review hearing and then re-opened selling alcohol on the 4th of November.</p> <p>Mrs Kaur daughter then arrived in store at 12:20PM who at the hearing stated she would be the new DPS once she had taken her personal licence exam.</p> <p>They both stated they spoke with their solicitor who informed them that as Navjinder Kaur had passed her exam and had her exam pass certificate they could start selling alcohol.</p> <p>I explained that they are required to apply for a change of DPS and needed to make payment so a new licence could be issued in the new DPS name before any alcohol is sold and that this has not taken place. Both Navjinder and Dalwinder thought their solicitor had sorted it. I explained that it's also the premises licence holder's responsibility to ensure licensable activities take place under an authorisation and no more alcohol was to be sold. Navjinder [REDACTED]</p>
