

Cheltenham Borough Council

Cabinet – 18 November 2025

Award of rent support grant to voluntary sector organisation

Accountable member:

Cabinet Member Finance and Assets, Councillor Peter Jeffries

Accountable officer:

Richard Gibson, Head of Communities, Wellbeing and Partnerships

Ward(s) affected:

St Peters

Key/Significant Decision:

No

Executive summary:

As part of Cheltenham Borough Council's wider ambitions to support a thriving voluntary and community sector (VCS), the council enables VCS groups to rent its properties through offering a rent support grant scheme.

The current policy was adopted in December 2016 which permits VCS groups to apply for a rent support grant either at the start of a lease or at the time of a rent review. Applications are scored against four criteria with the amount of subsidy awarded being proportionate to the degree to which the applicant meets the criteria.

An application for a rent support grant has been received from Cheltenham Saracens FC at St Peters Recreation Ground. This report sets out the proposed level of rent support grant to be awarded.

Recommendations: That Cabinet:

1. agrees to the following rent support grant:

Applicant	Recommended rent support grant
Cheltenham Saracens FC at St Peters Recreation Ground	A rent support grant of 50% of current market rent.

2. delegates authority to the Participation and Engagement Team Leader, in consultation with the Director: One Legal to agree the terms of a rent support grant agreement with the applicant.

1. Implications

1.1. Financial, Property and Asset implications

DRAFT: Saracens FC has not previously been in receipt of a rent support grant but has applied for a grant to help with the market value rent applied to the property. If Cabinet agrees to a rent support grant of 50%, this will represent a deficit of £2000 per annum to the general fund.

All usual terms and conditions will be contained within the lease in respect of rent reviews, insurance, repairs, compliance, etc, and will be monitored on an ongoing basis to ensure compliance.

1.2. Legal implications

Under S123 Local Government Act 1972, leases for a term greater than 7 years must be for the best consideration reasonably obtainable. The only exception to this is where the letting at less than best consideration contributes to the 'social, economic or environmental well-being' of the council's area or residents. Whilst leases for a term of less than 7 years do not have to be for the best consideration reasonably obtainable, the council must still have regard to its general fiduciary duty.

Granting a lease at market rent, whilst implementing a policy of grant support, means that if the tenant at any time fails to meet the grant criteria, there is no complicated legal mechanism for ensuring that the rent is uplifted to market value: the grant is simply suspended. Accordingly, the Policy for Property Lettings and Disposals to the Third Sector,

Voluntary and Community Groups was adopted by Cabinet on 13 December 2016.

When considering the giving of financial assistance, the council must ensure that it is not giving an unlawful subsidy under the Subsidy Control Act 2022 (the Act).

One of the requirements for a subsidy to be present is for financial assistance being given to an 'enterprise' which is defined in the Act as a person (including all legal entities) who is engaged in an economic activity that entails offering goods or services on a market. The Saracens Football Club do not carry out such economic activity as the clubs' primary activities are non-economic (they charge nominal fees and offer free sessions for local children).

1.3. Environmental and climate change implications

There are no direct climate change implications arising from this report, but Saracens Football Club supports the environment through cutting grass and hedges, weeding around the ground and supporting regular litter picks to create a better environment for wildlife.

Please see appendix 3 for more details.

1.4. Corporate Plan Priorities

This report contributes to the following Corporate Plan Priorities:

- Quality homes, safe and strong communities
- Reducing inequalities, supporting better outcomes

1.5. Equality, Diversity and Inclusion Implications

There are no direct equality implications from the recommendations, though the organisation will continue to promote equality and diversity in line with its own equality policies.

1.6. Performance management – monitoring and review

The council will put in place a monitoring process whereby recipients of a rent support grant will submit a monitoring form to explain the activities that have been delivered from the premises.

The quality and timeliness of previous monitoring information will be taken into account, if the applicant wishes to re-apply for a rent support grant at the end of the

eighteen month period.

2. Background

- 1.1** As part of Cheltenham Borough Council's wider ambitions to support a thriving voluntary and community sector, the council enables VCS groups to rent its properties through offering a rent support grant scheme.
- 1.2** We know that appropriate rent support to community-based organisations and services can support the viability of such organisations and the services they provide to the benefit of the social and economic well-being of the town. However, the Council will continue to encourage voluntary and community sector organisations to become more self-sufficient and less reliant upon financial support from the Council.
- 1.3** A revised rent support grant process was adopted by the council in December 2016. This is based on assessing an application against the following four outcomes:
- Cheltenham's environmental quality and heritage is protected, maintained and enhanced
 - Sustain and grow Cheltenham's economic and cultural vitality
 - People live in strong and safe communities
 - We will work to strengthen the emotional and physical wellbeing of all Cheltenham residents
- 1.4** The maximum rent support grant that any organisation will be able to apply for will be 80% of their current market rent and that the assessment process will determine the level of grant to be offered up to this maximum and will be staggered incrementally, as follows:
- | | |
|--------------------------|------------------|
| • Meeting one outcome | –up to 20% grant |
| • Meeting two outcomes | –up to 40% grant |
| • Meeting three outcomes | –up to 60% grant |
| • Meeting four outcomes | –up to 80% grant |
- 1.5** Each outcome is subject to a stepped discount between 0 and 20% depending upon the impact of the defined sub-elements of each outcome.
- 1.6** Cabinet retains the discretion to award a further grant of 10%, bringing the maximum rent support grant that any organisation could receive to 90%. This will only be in exceptional cases and any such decision will only be taken after detailed consideration of the organisation's financial and business case for the rent support.

1.7 In addition, the council will scrutinise the applicant's financial standing and make an assessment of the following:

- That the reason for applying for the rent support grant is backed up by the organisation's financial health in that the grant award will support the financial viability of the operation of the building
- That the organisation has reasonable longer-term plans in place to be able to sustain activities being delivered from the building beyond the term of the grant.

1.8 The offer of a grant will be for a maximum of 18 months (to tie in with the next rent review) that will be reviewed at the end of the 12 month period to ensure that the applicant continues to deliver the activities set out in the original application. The council reserves the right to either review the grant amount awarded or withdraw it completely if there are changes to the activities being delivered. In addition, if the organisation is in debt arrears to the council; the grant will be withdrawn.

3. Reasons for recommendations

3.1. The submission from Saracens Football Club has been assessed against the criteria detailed in 1.3.

3.2. Saracens Football Club demonstrated evidence of their contribution to all of the themes assessed against, but particularly in terms of enabling people to live in safe and strong communities through being volunteer led and providing a football club at the heart of the community which brings people together and also provides free football sessions for local children. The club also makes a significant contribution in strengthening the emotional and physical wellbeing of residents through providing football to age groups from children to over 60s. **Please see appendix 3** for the assessment of their submission.

4. Alternative options considered

4.1. None

5. Consultation and feedback

5.1. None

6. Key risks

- 6.1. If the Council is overly generous in subsidising tenancies with grants, this will result in reduced income from assets and cumulative impacts on the Council's medium term financial strategy.
 - 6.2. If appropriate and transparent grant agreements are not put in place, tenants may be more difficult to remove if they fail to meet the terms of any subsidised letting arrangement, with the potential for associated adverse publicity for the Council.
 - 6.3. If prospective tenants cannot demonstrate a robust business plan when taking on property commitments from the Council, there is an increased risk of failure and associated financial and reputation impacts for the authority.
